

**PULL ON
YOUR SOCKS**

pullonyoursocks.com.au

Dear Belmont Football Club Family,

Early in the season, I approached the Club to see if we could participate in the Pull On Your Socks fundraiser for The McGrath Foundation, supporting the need for more Breast Care Nurses in the community and they supported me 100%.

Our official Pull On Your Socks day will be on June 29th, 2019. We are sending out order forms this week to all teams with the options to purchase the sports socks and other McGrath Foundation merchandise. The [Sports Socks](#), of which there are two types, are the items we are asking all players to purchase – these are what the day represents. Get your team together and decide on which sock your team would like or buy whichever one you'd like!! If the Coaches/Managers/family members would like to wear the socks too or the caps, that would look fantastic on the day. Let's turn our grounds **PINK** for the day.

For those teams who are playing away games that day, you will still be wearing your socks – you are supporting the Club and raising awareness of the McGrath Foundation – Plus, you'll all look fabulous!

Please keep a look out for our fundraising tin placed at the canteen at Belmont Football Club – any change you can spare, will all go towards our Pull On Your Socks day. There will be further fundraising efforts taking place over the coming weeks and especially on the day of the event. You can keep updated on the Club Facebook page and website.

Many of us have been touched by breast cancer in some way – let's support this fun and colourful fundraiser and get more McGrath Breast Care Nurses out there – they do a wonderful job, in very stressful and emotional situations.

Thank you all for your support,

Judy Johnson
